| Sommario/riassunto      | Through a policy and legal analysis, this book shows how corruption                                                                                                                                                                                                                                                                                                                                                             |

facilitates money laundering, and vice versa. Furthermore, it demonstrates specifically how the responses developed to combat one type of financial crime can productively be employed in fighting the other.
