

1. Record Nr.	UNINA9910956576103321
Titolo	The Oxford handbook of face perception // edited by Andrew J. Calder ... [et al.]
Pubbl/distr/stampa	Oxford : , : Oxford University Press, , 2011
ISBN	9780191743672 0191743674 9780191622144 0191622141
Edizione	[1st ed.]
Descrizione fisica	1 online resource (xvi, 916 pages) : illustrations (some color)
Collana	Oxford library of psychology
Disciplina	153.7/58
Soggetti	Face perception Facial expression Social perception Facial Expression Perception - physiology Face - physiology Recognition, Psychology - physiology Social Perception Handbooks and manuals. Handbook
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Series from dust jacket.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	; Part I. Approaches to Studying Face Processing -- Face perception a developmental perspective / Mark H. Johnson -- Cognitive and computational approaches to face recognition / Alice J. O'Toole -- Ecological and social approaches to face perception / Leslie A. Zebrowitz -- Face neurons / Edmund T. Rolls -- Disorders of face perception / Andrew W. Young -- Distributed neural systems for face perception / James V. Haxby, M. Ida Gobbini -- The functional architecture of the face system integrating evidence from fmri and patient studies / Nancy Kanwisher, Jason J.S. Barton -- -- applied research in face processing / Vicki Bruce -- ; Part II. Perceiving and

Remembering Faces -- Are faces special? / Elinor McKone, Rachel Robbins -- Features, configuration, and holistic face processing / James W. Tanaka, Iris Gordon -- Face perception and perceptual expertise in adult and developmental populations / Lisa S. Scott -- An experience-based holistic account of the other-race face effect / Bruno Rossion, Caroline Michel -- Social categorization influences face perception and face memory / Kurt Hugenberg, ; [and others] -- Adaptive norm-based coding of face identity / Gillian Rhodes, David A. Leopold -- Unfamiliar face perception / A. Mike Burton, Rob Jenkins -- Face recognition in eyewitness memory / R.C.L. Lindsay, ; [and others] -- The face-sensitive n component of the event-related brain potential / Martin Eimer -- Neurophysiological correlates of face recognition / Stefan R. Schweinberger -- Transcranial magnetic stimulation studies of face processing / David Pitcher, ; [and others] -- Computer-generated images in face perception / Thomas Vetter, Mirella Walker -- -- neurocomputational models of face processing / Garrison W. Cottrell, Janet H. Hsiao -- ; Part III. Reading Faces -- Does facial identity and facial expression recognition involve separate visual routes? / Andrew J. Calder -- Attention and automaticity in processing facial expressions / Patrik Vuilleumier, Ruthger Righart -- On perceiving facial expressions the role of culture and context / Nalini Ambady, Max Weisbuch -- Automated facial expression measurement recent applications to basic research in human behavior, learning, and education / Marian Stewart Bartlett, Jacob Whitehill -- Influence of personality traits on processing of facial expressions / Elaine Fox, Konstantina Zougkou -- Real faces, real emotions perceiving facial expressions in naturalistic contexts of voices, bodies, and scenes / Beatrice de Gelder, Jan Van den Stock -- The impact of social gaze perception on attention / Steven P. Tipper, Andrew P. Bayliss -- Neural substrates of social perception / Ralph Adolphs, Elina Birmingham -- Functional and neural mechanisms for eye gaze processing / Kevin A. Pelphrey, Brent C. Vander Wyk -- Speechreading what's miss-ing? / Ruth Campbell -- Personality impressions from facial appearance / Alexander T. Todorov, ; [and others] -- -- structure, expression, and motion in facial attractiveness / Ian S. Penton-Voak, Edward R. Morrison -- ; Part IV. Comparative and Developmental Perspectives -- Neural encoding principles in face perception revealed using non-primate models / Keith M. Kendrick, Jianfeng Feng -- Face perception in non-human primates / Lisa A. Parr, Erin E. Hecht -- Taking apart the neural machinery of face processing / Winrich Freiwald, Doris Tsao -- Recognizing the faces of other species what can a limited skill tell us about face processing? / Olivier Pascalis, Sylvia Wirth -- The neurodevelopment of face perception / Michelle de Haan -- Development of face processing expertise / Kang Lee, ; [and others] -- Sensitive periods in face perception / Daphne Maurer, Catherine J. Mondloch -- ; Part V. Disorders : Prosopagnosia, Neuropsychiatric and Developmental Disorder -- Impairments in face perception / Marlene Behrmann, ; [and others] -- Developmental prosopagnosia cognitive, neural, and developmental investigations / Bradley Duchaine -- Face processing in autism / Sara Jane Webb, ; [and others] -- Facial expression perception in schizophrenia and mood disorders / Mary L. Phillips -- Delusions and faces / Robyn Langdon

Sommario/riassunto

In the past 30 years, face perception has become an area of major interest within psychology. This is the most comprehensive and commanding review of the field ever published.
