| Sommario/riassunto      | For well over a century the Catholic Church has articulated clear<br>positions on many issues of public concern, particularly economics,<br>capital punishment, foreign affairs, sexual morality, and abortion. Yet<br>the fact that some of the Church's positions do not mesh well with the<br>platforms of either of the two major political parties in the U.S. may<br>make it difficult for Americans to look to Catholic doctrine for political<br>guidance. Scholars of religion and politics have long recognized the<br>potential for clergy to play an important role in shaping the voting<br>decisions and political attitudes |
