Doctor, Lawyer, Plumber, Undertaker, Teacher; Chapter 07. The Teachers We Need vs. the Teachers We Have; References; About the Author
Sommario/riassunto	This book reveals exactly how American teachers are taught, describes the wide disparities in the preparation of teachers across states, depicts how market-driven teacher preparation waters down the quality of teachers, and explains how teacher preparation in America compares with preparation for other careers in the United States and with teacher preparation programs in other countries.
