

1. Record Nr.	UNINA9910956799003321
Titolo	Chronic otitis media : pathogenesis-oriented therapeutic management // edited by Bernard Ars
Pubbl/distr/stampa	The Hauge, The Netherlands, : Kugler Publications, 2008
ISBN	9789062998449 9062998445
Edizione	[1st ed.]
Descrizione fisica	1 online resource (369 p.)
Altri autori (Persone)	ArsB (Bernard)
Disciplina	616
Soggetti	Otitis media Middle ear - Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. Etio-pathogenesis of chronic otitis media : parameters -- pt. 2. Pathogenesis oriented therapeutic management of chronic otitis media.
Sommario/riassunto	Professor Ars has gathered together an excellent group of otologists who start with the initial causes of the problems and move on to look for the essentials of success. Having identified these, they go on to explore how we can lay the foundations to achieve them. Finally, they look at the operative procedures they consider most likely to achieve success. This is an excellent book, which should improve the thinking behind surgery for CSOM. Alan G. Kerr, OBE, FRCS
