Pubbl/distr/stampa	New York, NY, : Routledge, 2004
ISBN	1-134-33022-7 1-283-88259-0 1-134-33023-5 0-415-32962-0 1-280-05773-4 0-203-39216-7
Edizione	[New Edition]
Descrizione fisica	xiv, 236 p. : ill
Collana	Warfare and history
Classificazione	15.75
Disciplina	952/.02
Soggetti	Samurai - History Japan History, Military To 1868
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. 199-229) and index.
Nota di contenuto	The meaning of war -- The organization of war -- The tools of war -- The science of war -- The culture of war.
Sommario/riassunto	Karl Friday, an internationally recognised authority on Japanese warriors, provides the first comprehensive study of the topic to be published in English. This work incorporates nearly twenty years of on-going research and draws on both new readings of primary sources and the most recent secondary scholarship. It overturns many of the stereotypes that have dominated views of the period. Friday analyses Heian -, Kamakura- and Nambokucho-period warfare from five thematic angles. He examines the principles that justified armed conflict, the mechanisms used to raise and deploy armed forces, the weapons available to early medieval warriors, the means by which they obtained them, and the techniques and customs of battle. A thorough, accessible and informative review, this study highlights the complex casual relationships among the structures and sources of early medieval political power, technology, and the conduct of war.
