

1. Record Nr.	UNINA9910957130903321
Titolo	Myopia : prevalence and progression / / Working Group on Myopia Prevalence and Progression, Committee on Vision, Commission on Behavioral and Social Sciences and Education, National Research Council
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, 1989
ISBN	9786610214358 9781280214356 128021435X 9780309582087 0309582083 9780585149394 0585149399
Edizione	[1st ed.]
Descrizione fisica	1 online resource (xii, 113 pages) : illustrations
Disciplina	617.7/55
Soggetti	Myopia Refraction
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. 97-113).
Nota di contenuto	1 Front Matter; 2 Summary of Conclusions and Recommendations; 3 1. Introduction; 4 2. Analysis of the Prevalence Literature; 5 3. Analysis of the Progression Literature; 6 4. Conclusions and Recommendations; 7 Appendix A: The Biological Basis of Myopia; 8 Appendix B: Review of the Prevalence Literature; 9 Appendix C: Review of the Progression Literature; 10 Appendix D: The Etiology of Myopia; 11 Appendix E: Glossary; 12 Bibliography
Sommario/riassunto	Considers the issues surrounding the occurrence, progression, and predictability of myopia, with emphasis on the 16- to 26-year-old population. This book presents the research in this area, analyzing the findings and drawing conclusions from these studies. The observations and recommendations are aimed at vision scientists and clinicians.
