Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Deprivation, happiness, and well-being -- A survey on income deprivation / Conchita D'Ambrosio -- Happiness, deprivation, and the alter ego / Paolo Verme -- Polarization -- Measuring bi-polarization and polarization: a survey / Zoya Nissanov, Ambra Poggi, and Jacques Silber -- Inequality and polarization : an axiomatic approach / Satya R. Chakravarty, Nachiketa Chattopadhyay, and Bhargav Maharaj -- Rank-dependent measures of bi-polarization and marginal tax reforms / Paul Makdissi and Stephane Mussard -- Analyzing the impact of income sources on changes in bi-polarization / Joseph Deutsch and Jacques Silber -- Distributional change and mobility -- Distributional change / Frank Cowell -- Galton's fallacy and the measurement of wage mobility / Michal Weber -- On the decomposition of income and wage inequality

-- The Gini inequality index decomposition : an evolutionary study / Giovanni Maria Giorgi -- On the Ghapley value and decompositions of the gender gap / Osnat Israeli -- A note on the determinants of wage inequality between and within genders / Giovanni Ferro-Luzzi -- Individual well-being and poverty -- A new model for constructing poverty thresholds / Nanak Kakwani -- Comparing multidimensional poverty with qualitative indicators of well-being / Yele Maweki Batana and Jean-Yves Duclos -- Empirical modeling of deprivation contagion among social exclusion dimensions / Ambra Poggi and Xavier Ramos.

Sommario/riassunto

Although most traditional economic theory puts the individual at the centre of analysis, more recent approaches have acknowledged the importance of a wider sense of identity as a determinant of individual behaviour. Whether it is ethnicity, religion or gender, group membership is a central part of human life. This book presents new advances in areas which consider both the individual and the group when measuring inequalities and well-being.
