poverty ; Will democracy settle or intensify civil conflicts? -- pt. 5, The fourth wave of democratization : will democracy cement the African multiethnic nation state?: The transition of the African countries to democracy ; Can democracy help the African states to cement their multiethnic societies?

Sommario/riassunto

The book evaluates alternative policy options for the African countries to overcome the food crisis and the changing structure of world trade to sustain their impressive growth of the early 2000s. These policies must go beyond economic reforms and seek a solution to the entrenched political problems that divided the continent.
