Nota di contenuto	pt. I. Theories of world-political time -- pt. II. Diagnosing the times.
Sommario/riassunto	This book offers the first authoritative guide to assumptions about time in theories of contemporary world politics. It demonstrates how predominant theories of the international or global 'present' are affected by temporal assumptions, grounded in western political thought, that fundamentally shape what we can and cannot know about world politics today. The first part of the book traces the philosophical roots of assumptions about time in contemporary political theory. The second part examines contemporary theories of world politics, including liberal and realist International Relations theor
