Sommario/riassunto

This unique volume critically discusses the works of fifty of the most influential scholars involved in the study of the Holocaust and genocide. Studying each scholar's background and influences, the authors examine the ways in which their major works have been received by critics and supporters, and analyse each thinker's contributions to the field. Key figures discussed range from historians and philosophers, to theologians, anthropologists, art historians and sociologists, including: Hannah Arendt Christopher Browning Primo Levi Raphael Lemkin <
