Sommario/riassunto

Reflects changes in thinking and emphasis since the first edition, five years ago. Downplays such issues as herbicides and slash burning as no longer critical, and expands the discussions in such areas as sustainable forestry, respect for nature, ecosystem management, and health and integrity. Assumes no background in science. The CiP data shows the author as J. P. Kimmens. Canadian card order number: C96-910756-0. Annotation copyrighted by Book News, Inc., Portland, OR
