Sommario/riassunto	<P>Through a multi-country study, <I>Comparative Perspectives on International School Leadership </I>examines the current global spread of educational leadership, occurring rapidly and widely. Exploring five international case studies of leadership policy, preparation, and practice under the framework of policy borrowing and

adaptation, Magno attempts to understand and account for commonalities and differences across country contexts. Rather than assuming a particular model or theory to leadership is best, <I>Comparative Perspectives on International School Leadership</I> takes a policy-orient
