

1. Record Nr.	UNINA9910957747803321
Autore	Sandler Joseph
Titolo	Internal objects revisited / / Joseph Sandler & Anne-Marie Sandler; foreword by Otto F. Kernberg
Pubbl/distr/stampa	London, : Karnac, 1998
ISBN	0-429-91509-8 0-429-90086-4 0-429-47609-4 1-283-06845-1 9786613068453 1-84940-257-4
Edizione	[First edition.]
Descrizione fisica	1 online resource (192 p.)
Collana	KARNAC
Altri autori (Persone)	SandlerAnne-Marie
Disciplina	150.19/5 150.195
Soggetti	Object relations (Psychoanalysis) Motivation (Psychology)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	COVER; CONTENTS; PREFACE; FOREWORD; CHAPTER ONE On the psychoanalytic theory of motivation; CHAPTER TWO The striving for ""identity of perception""; CHAPTER THREE On role-responsiveness; CHAPTER FOUR On object relations and affects; CHAPTER FIVE Character traits and object relations; CHAPTER SIX Stranger anxiety and internal objects; CHAPTER SEVEN Comments on the psychodynamics of interaction; CHAPTER EIGHT A theory of internal object relations; NOTES; BIBLIOGRAPHY; INDEX
Sommario/riassunto	The authors show how their ego-psychological object relations theory integrates drive theory and object relations theory and does justice to recent findings regarding the vicissitudes of transference and countertransference interactions in the psychoanalytic situation. 'A significant shift has taken place in the last few decades in the way in which psychoanalytic theory has developed and in its application to psychoanalytic technique. This development has, in essence, consisted in the ascendancy of object relations theory as an overall integrating

frame of reference linking psychoanalytic metapsychology closer to the vicissitudes of the psychoanalytic process. This has facilitated the formulation of unconscious intrapsychic conflict in more clinically helpful ways than has the traditional frame of reference exclusively based on the conflict between drives and defensive operations. 'The great interest of the Sandler's approach resides in their careful and systematic elaboration of what might be called the various "building blocks" of a contemporary ego psychological object relations theory, carefully exploring each areas on its own merits before gradually taking them into an overall theoretical approach.
