"We Go to the Diner on Fridays": Norms, Customs, Conventions, and the Like; Chapter Five. Can X-Do-Y Statements Explain?; Chapter Six. Final Thoughts: Statements about Groups and Stereotyping; Bibliography
Sommario/riassunto	People are often unclear about what is meant by sentences such as 'Catholics don't believe in birth control.' In this book, Todd Jones explores what people are talking about when they ascribe beliefs or actions to entire groups rather than individuals. This discussion should help settle some basic questions for philosophers, social scientists, and casual conversationists.
