Sommario/riassunto	How can novice e-learning researchers and postgraduate learners develop rigorous plans to study the effectiveness of technology-enhanced learning environments? How can practitioners gather and portray evidence of the impact of e-learning? How can the average educator who teaches online, without experience in evaluating emerging technologies, build on what is successful and modify what is not? By unpacking the e-learning lifecycle and focusing on learning, not technology, Evaluating e-Learning attempts to resolve some of the complexity inherent in evaluating the effect
