| Sommario/riassunto      | This book is a critical discussion of the principle of compositionality, the thesis that the meaning of a complex expression is fully determined by the meanings of its constituents and its structure. The aim of this book is to clarify what is meant by this principle, to show that its traditional justification is insufficient, and to discuss some of the problems that have to be addressed before a new attempt can be made to justify it. |

| Sommario/riassunto    | <p>This comprehensive collection documents the major processes, performance, institutions, problems and policies associated with global political economy. For the first time in a single volume, the authors present a detailed analysis of the changing distribution and production of wealth throughout the world, different measures of performance, the global technological revolution, long waves in the world economy and a special study of Asia and Eastern Europe in the world system.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
