Nota di contenuto	Contents; 1 Introduction; 2 Preverbal Subject Clitics in Declarative Contexts; 3 Interrogative Sentences; 4 Rhaetoromance Verb Second: A Split-CP Perspective; 5 Subjunctive Clauses: The Modal Field; 6 Subject Positions; 7 A Brief Summary; Notes; Bibliography; Index
Sommario/riassunto	This work investigates the syntax of the higher portion of the functional structure of the clause using comparative data from hundreds of Northern Italian dialects. The area contains dialects that are different in most ways yet homogenous syntactically, making it ideal for this type of analysis.
