Putnam and Birna Arnbjörnsdóttir -- 10 Sociolinguistic and Syntactic Variation in Wisconsin German Narratives / Alyson Sewell -- Index of Authors Cited.

Sommario/riassunto

The contributions in Moribund Germanic Heritage Languages in North America advance the ever-expanding research program in formal and theoretical treatments of heritage language grammars through in-depth empirical investigations. The core focus on moribund varieties of heritage Germanic languages extends beyond the exploration of the individual heritage language grammars and contributes to larger discussions in the field of Germanic linguistics.
