Chin 1997) -- Globalization : an ascendant paradigm? (2002) -- Making globalization work for the have nots.
Sommario/riassunto	Contesting Global Order traces dominant values and patterns on a

world level over the last half century. Including a framing introduction written for the volume, this book presents James H. Mittelman's most influential essays. It offers cross-regional analysis, drawing on his fieldwork in nine countries in Africa and Asia. This research explores mechanisms by which prevailing knowledge about global order is implicated in its deep tensions: chiefly, the impetus for development and global governance embodies aspirations for attaining wellbeing and upholding human dignity; yet m
