### Sommario/riassunto

A collection of the last forty years of research on Ohio's caves and rockshelters. *Caves and Culture* seeks to address a number of important problems, specifically the use of rockshelters by humans through time and transcontinental continuities. It presents new and updated, unreported research from such Ohio caves and rockshelters as Stow Rockshelter (Stow), Peters Cave (Ross County), Hendricks Cave (Wyandotte County), and Chesser Cave (Athens), among others. *Caves and Culture* is primarily focused on the archae
