Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Historical and comparative issues -- The management of the government corporation -- The government as shareholder -- Stakeholders and corporate governance -- Reforming government corporations.
Sommario/riassunto	Many governments across the world have responded to the need for greater efficiency in the delivery of government services by the reorganization of these bureaucracies along the lines of for-profit business corporations. In doing so, governments have relied on the capacity for governance practices to overcome the weaker incentives created by the attenuated 'property rights' that are created in public enterprise.
