Sommario/riassunto	From an author at the forefront of research in this area comes this provocative and seminal work that presents a unique and fresh new look at history and theory. Taking a broadly European view, the book draws on works of French and German philosophy, some of which are unknown to the English-speaking world, and Martin L. Davies spells out what it is like to live in a historicized world, where any event is presented as historical as, or even before, it happens. Challenging basic assumptions made by historians, Davies focuses on historical ideas and

thought about the past instead o
