                             methods in sociology: Douglas V. Porpora; 8. The future is behind us.
                             Aristotelian causality and sociological realism: Emmanuele Morandi;
                             Index

   Sommario/riassunto   Sociological Realism presents a clear and updated discussion of the

main tenets and issues of social theory, written by some of the top scholars within the critical realist and relational approach. It connects such approaches systematically to other strands of thought that are central in contemporary sociology, like systems theory and rational choice theory.Divided into three parts, social ontology, sociological theory, and methodology, each part includes a systematic presentation, a comment, and a wider discussion by the editors, thereby taking on the form of a dialogue amo
