Sommario/riassunto	Richard G Lowe Jr's book provides insights and lessons on becoming an effective manager or supervisor, drawing from his extensive experience in the field. The book emphasizes the importance of leadership skills beyond what is taught in formal education, focusing on real-world experiences and practical advice. Key topics include delegation, team motivation, and navigating workplace dynamics. Lowe shares personal anecdotes and strategies to help new managers transition from technical roles to leadership positions, aiming to equip them with the tools necessary for success. The intended audience includes individuals newly promoted to management roles and those seeking to refine their leadership skills.

Sommario/riassunto	For many people, Pakistan is a rogue state, but for those who think of it as Pakistani citizens do, it is the place where they are confronted with dangers and issues to which they answer with incredible courage and dignity. This volume, a reflection on Pakistan's history from a compassionate insider's perspective, pays homage to the many

Pakistanis who face with a generous and open heart the problems created by a complex geopolitical context, many ethnic and religious contradictions, a tormented path towards self-definition, independence, democracy, and freedom.
