The Challenges of Governance; Part II. Growth and Structural Changes; Part III. Coping with Rising Social Problems; Part IV. China's Relations with Major Powers and its Neighbours; Index
Sommario/riassunto	In Interpreting China's Development, leading experts on China provide an overview of this growing superpower, highlighting key issues in the country's political, economic and social development. Underpinned by up-to-date scholarly research yet written in a readable and concise style, this volume of over 40 short chapters offers a very accessible way to understanding the major events and dominant issues that had emerged in China over the last few decades. The essays are grouped under four thematic sections - challenges of governance, growth and structural changes, coping with rising social prob
