This is the second of two volumes emanating from the Linguistic Symposium on Romance Languages held at the University of Texas at Austin in February 2005. It features the keynote addresses delivered by Prof. Jacques Durand on the Phonology of Contemporary French Project and Prof. John Charles Smith on skeuomorphy and refunctionalization. It also includes eleven contributions by reputed scholars on topics ranging from phonetics, phonology, morphophonology, dialectology, sociolinguistics and language variation. Formal phonology papers favor the model of Optimality Theory, while phonetic measurem.
