Sommario/riassunto

Drawing on examples from a wide range of languages and social setting, The Routledge Handbook of Sociolinguistics Around the World is the first single-volume collection surveying current and recent research trends in international sociolinguistics. With over 30 chapters written by leading authorities in the region concerned, all continents and their respective regions are covered. The book will serve as an important tool to help widen the perspective on sociolinguistics to readers of English. Divided into sections covering: The Americas, Asia, Australasia, Af
