

1. Record Nr.	UNINA9910959047703321
Titolo	Pediatrics / / [edited by] David L. Skaggs, Mininder S. Kocher
Pubbl/distr/stampa	Philadelphia, : Wolters Kluwer, c2016
ISBN	9781496333179 1496333179
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (1,988 pages) : illustrations (some color)
Collana	Master techniques in orthopaedic surgery
Altri autori (Persone)	SkaggsDavid L KocherMininder S
Disciplina	618.92
Soggetti	Child Orthopedic Procedures - methods Adolescent Pediatric orthopedics Orthopedic surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Preceded by Pediatrics / editors, Vernon T. Tolo, David L. Skaggs. c2008.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover -- Half Title -- Title -- Copyright -- Dedication -- Contributors -- Preface -- Preface to the First Edition -- Series Preface -- Contents -- Video Content -- PART I: Trauma -- Chapter 1 Closed Reduction and Pinning of Supracondylar Humerus Fractures -- Chapter 2 Lateral Condyle Fractures -- Chapter 3 Screw Fixation of Medial Epicondyle Fractures -- Chapter 4 Operative Treatment of Radial Neck Fractures -- Chapter 5 Operative Treatment of Pediatric Forearm Fractures Using Flexible IM Rodding -- Chapter 6 Closed Reduction and Casting of Forearm Fractures -- Chapter 7 Pediatric Distal Radius Fractures -- Chapter 8 Operative Treatment of Femur Fractures Using Flexible IM Nails -- Chapter 9 Spica Cast Application for Femur Fractures -- Chapter 10 Operative Treatment of Femur Fractures Using Submuscular Plating -- Chapter 11 Operative Treatment of Femur Fractures Using a Greater Trochanteric Entry IM Nail -- Chapter 12 Transitional Ankle Fractures: Juvenile Tillaux and Triplane Fractures -- Chapter 13 Proximal Humerus Fracture Closed Reduction and Percutaneous Pinning -- PART II:Cerebral Palsy -- Chapter 14 Lower-Extremity Surgery in

Children with Cerebral Palsy -- PART III:Hips -- Chapter 15 Open Reduction of a Developmentally Dislocated Hip and Salter Innominate Osteotomy -- Chapter 16 Dega Acetabuloplasty -- Chapter 17 Varus Derotation Osteotomy of the Proximal Femur -- Chapter 18 Irrigation and Debridement of a Septic Hip -- Chapter 19 Percutaneous Fixation of Slipped Capital Femoral Epiphysis -- Chapter 20 Surgical Hip Dislocation for the Treatment of Femoroacetabular Impingement and Slipped Capital Femoral Epiphysis -- Chapter 21 Periacetabular Osteotomy -- Chapter 22 Hip Arthroscopy -- PART IV:Foot -- Chapter 23 Ponseti Technique in the Treatment of Clubfoot -- Chapter 24 Posterior Medial Release for Clubfoot. Chapter 25 Calcaneal Lengthening Osteotomy -- Chapter 26 Cavus Foot Reconstruction -- Chapter 27 Anterior Tibial Tendon Transfer -- Chapter 28 Excision of Tarsal Coalitions -- PART V:Knee -- Chapter 29 ACL Reconstruction in Skeletally Immature Patients -- Chapter 30 Hemiepiphysiodesis -- Chapter 31 Epiphysiodesis -- Chapter 32 Proximal Tibial Osteotomy for Tibia Vara -- Chapter 33 Discoid Meniscus -- Chapter 34 Congenital Knee Dislocation -- Chapter 35 Medial Patellofemoral Ligament Reconstruction Using the Quadriceps Tendon -- Chapter 36 Arthroscopic Suture or Screw Repair of Tibial Spine Fractures -- PART VI:Spine -- Chapter 37 Anterior Spinal Fusion for Thoracolumbar Idiopathic Scoliosis -- Chapter 38 Thoracoplasty -- Chapter 39 Posterior Occiput-C2 and C1-C2 Cervical Fusion -- Chapter 40 Hemivertebrae Excision: Posterior-Only Approach -- Chapter 41 Distraction-Based Growing Rods-Including Hybrids -- Chapter 42 Vertical Expandable Prosthetic Titanium Rib for the Treatment of Early-Onset Scoliosis -- Chapter 43 Temporary Distraction Rods in the Correction of Severe Scoliosis -- Chapter 44 Pedicle Screw Insertion- Manual and Power Techniques -- Chapter 45 Alternative Anchors: Hooks and Sublaminar Wires -- Chapter 46 Pelvic Fixation with Sacral-Alar-Iliac Screws in Neuromuscular Scoliosis -- Chapter 47 Shilla -- Chapter 48 Intra-operative Skull-Skeletal Traction -- Chapter 49 Derotation of the Scoliotic Spine -- Chapter 50 Anterior Tether for Growth Modulation -- Chapter 51 Spondylolisthesis: Decompression, Partial Reduction, and Fusion -- Index.

Sommario/riassunto

Master the pediatric orthopaedic techniques preferred by today's expert surgeons! This 2nd Edition remains your go-to resource for the most advanced and effective surgical techniques for treating fractures, congenital conditions, and other orthopaedic problems in children and adolescents.
