Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Intro -- Contents -- Preface -- Introduction -- Antigone -- Appendix 1. Guide to Pronunciation -- Appendix 2. Synopses of the Surviving Accounts of Oedipus and His Family -- Suggestions for Further Reading.
Sommario/riassunto	Sophocles "Antigone" ranks with his "Oedipus Rex" as one of world literature s most compelling dramas. The action is taut, and the characters embody universal tensions: the conflict of youth with age, male with female, the state with the family. Plot and character come wrapped in exquisite language. Antagonists trade polished speeches, sardonic jibes and epigrammatic truisms and break into song at the height of passion. David Mulroy s translation of "Antigone" faithfully reproduces the literal meaning of Sophocles words while also reflecting his verbal pyrotechnics. Using fluid iambic pentameters for the spoken passages and rhyming stanzas for the songs, it is true to the letter and the spirit of the great Greek original. "
