Fashioning a 'British' Empire: Sir Archibald Campbell of Inverneil and Madras, 1785-9; Index; Colour Plates; Maps

## Sommario/riassunto

Examines Scotland's experience of and reaction to European expansion between 1600-1800. Although Scotland lacked an independent empire in the 17th century, it gained access to the global empire of England after 1707. It covers the geographic extent of Scotland's engagement in European expansion.
