Law, Identity and Dispossession : The Half-Caste Act of 1886 and Contemporary Legal Definitions of Indigeneity in Australia / Mark McMillan and Cosima McRae.

Sommario/riassunto

The new world created through Anglophone emigration in the 19th century has been much studied. But there have been few accounts of what this meant for the Indigenous populations. This book shows that Indigenous communities tenaciously held land in the midst of dispossession, whilst becoming interconnected through their struggles to do so.
