Sommario/riassunto	Inspired by a stirring e-mail exchange with his father, award-winning essayist and cultural commentator , Ilan Stavans decided to do something bizarre: revisit his hometown, Mexico City, accompanied by a tour guide. With the same linguistic verve and insight that has made him one of the most distinguished voices in American literature today, Ilan Stavans invites readers along for a personal journey that is not only his own, but that of an entire culture. Return to Centro Hist#65533;rico makes it possible for readers to understand the intimate role that Jews have played in the devleopment of Hispanic civilization.
