Nota di contenuto	part I. Demographic, historical, and policy issues -- part II. Retirement timing : life-course perspectives -- part III. Marital relationships and the retirement experience -- part IV. Retirement and extended kin relationships.
Sommario/riassunto	Leading researchers in the fields of family studies and gerontology present enlightening information on the impact of retirement on family relations. Original essays focus on gender and ethnic differences, the role of children, siblings, and significant others, and the multiple changes retirement creates in marriage. In addition, a variety of theoretical models, existing research, and methodological problems in studying retired families are explored.
