Sommario/riassunto	At a time when America's court system increasingly tries juvenile offenders as adults, Michael Corriero draws directly from his experience as the founding judge of a special juvenile court to propose a new approach to dealing with youthful offenders. Since 1992, Judge Corriero has presided over the Manhattan Youth Part, a New York City court specifically designed to discipline teenage offenders. Its guiding principles, clearly laid out in this book, are that children are developmentally different from adults and that a judge can be a formidable force in shaping the lives of children.
