AREAS; A New Structuralism in Phonology; The Structuralist Heritage in Natural Morphology; What are Language Histories Histories of?; Index of Names
Sommario/riassunto	This volume, which has partly grown from a Round Table at the XIVth International Congress of Linguists, argues for a large amount of underlying unity in outlook among different frameworks in present-day linguistics: the contemporary Prague School; the Noematic approach; the UNITYP model; Integrational Linguistics; Natural Morphology; much recent work in phonology; and Popperian Interactionism as applied, in particular, to historical linguistics. Section I discusses philosophical issues such as realism vs. cognitivism; Section II characterizes current frameworks; and Section III deals with ind
