Psychology of sex: female sexual inversion 8 William Blair-Bell and Gynaecology; The normal woman and her internal secretions; The abnormal woman type; 9 Concluding Remarks; Notes; Bibliography; Index

Sommario/riassunto

An examination of how female same-sex desires were represented in a wide range of Italian and British medical writings, 1870-1920. It shows how the psychiatric category of sexual inversion was positioned alongside other medical ideas of same-sex desires, such as the virago, tribade-prostitute, fiamma and gynaecological explanations.
