

1. Record Nr.	UNINA9910961141303321
Autore	Teff Harvey
Titolo	Causing psychiatric and emotional harm : reshaping the boundaries of legal liability / Harvey Teff
Pubbl/distr/stampa	Oxford ; Portland, Oregon, : Hart Publishing, 2009
ISBN	9786612119026 9781472560377 147256037X 9781282119024 1282119028 9781847314789 1847314783
Edizione	[1st ed.]
Descrizione fisica	1 online resource (228 p.)
Classificazione	86.39
Disciplina	346.4203
Soggetti	Personal injuries Liability for emotional distress Negligence - Law and legislation Damages
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (pages [191]-200) and index
Nota di contenuto	Psychiatric harm, emotional suffering and legal redress -- The development of redress for emotional harm and nervous shock -- Contemporary provision for 'accident-based' psychiatric illness -- Liability for psychiatric harm 'beyond the mainstream' -- Policy concerns -- A proposal for reform 1: Psychiatric Harm, Emotional Suffering and Legal Redress -- 2: The Development of Redress for Emotional Harm and Nervous Shock -- 3: Contemporary Provision for 'Accident-Based' Psychiatric Illness 5 -- 4: Liability for Psychiatric Harm 'Beyond the Mainstream' 9 -- 5: Policy Concerns -- 6: A Proposal For Reform
Sommario/riassunto	Though mental harm can be profoundly disabling, the law imposes strict limits on who can recover damages for it. In the absence of physical injury, compensation is not normally available for negligently

caused mental suffering, however severe, unless it constitutes a 'recognisable psychiatric illness'. Claimants whose mental trauma stems from injury caused to someone else are subject to arbitrary restrictive liability rules that dispense with established legal principles and cannot be reconciled with scientific advances. The book traces the history of civil liability for mental harm up to the present day. It is argued that the reluctance to provide redress reflects an enduring suspicion of intangible injury and undue fear of proliferating claims. The scale and legal ramifications of the Hillsborough disaster; the emergence of claims arising from work-related stress, and other new categories of claims based mainly on prior relationships between the parties, have all added to a 'floodgates fear' that has intensified due to popular perceptions of a 'compensation culture'. The book contrasts the limited scope for liability under English law with developments in several other jurisdictions. It is argued that statutory reform is needed to achieve greater legal coherence and to provide a remedy that tracks the impact and severity of harm and is not confined to psychiatric disorders. A new legal framework is offered, rooted in reasonable foreseeability of mental or emotional harm, with a liability threshold of 'moderate severity'. To allay concerns about proliferating claims, modifications to the compensatory regime for personal injury are proposed
