Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Book Cover; Title; Copyright; Contents; 1 Introduction; 2 A new practice; 3 Autonomy; 4 Design of experiments; 5 Measurement; 6 Rigour; 7 Conclusions; Notes; Bibliography; Index
Sommario/riassunto	Economics is dominated by model building, therefore a comprehension of how such models work is vital to understanding the discipline. This book provides a critical analysis of the economist's favourite tool, and as such will be an enlightening read for some, and an intriguing one for others.
