Sommario/riassunto	A concise and easy-to-read summary of the principles and practice of management for team leaders and line managers. Introducing Management defines the scope of the management task and breaks it down to clarify and explain the full range of management responsibilities: Managing in Context - an introduction to the management role, setting it in the context of the whole organization and responsibilities for the new manager; Managing People - how to motivate people, lead and delegate and manage teams to improve performance and successfully manage ch
