Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. Freudian theory -- pt. 2. Contemporary psychoanalytic theories -- pt. 3. Overview and integration.
Sommario/riassunto	To help make of the current pluralism in contemporary psychoanalysis, Morris Eagle sets out to critically reevaluate fundamental psychoanalytic concepts of theory and practice. He reintroduces notions of the mind, object relations, psychopathology, and treatment from first Freudian and then contemporary psychoanalytic perspectives. However, there is an underlying emphasis on identification and integration of converging themes, reemphasized and expanded in a final chapter. Clinical vignettes and relevant empirical research are used throughout, thus basic concepts are reexamined in the light of more contemporary developments.
