Sommario/riassunto

As a meaningful manifestation of how institutionalized the discipline has become, the new Handbook of Translation Studies is most welcome. The HTS aims at disseminating knowledge about translation and interpreting to a relatively broad audience: not only students who often adamantly prefer user-friendliness, researchers and lecturers in Translation Studies, Translation & Interpreting professionals; but also scholars, experts and professionals from other disciplines (among which linguistics, sociology, history, psychology). Moreover, the HTS is the first han
