Autore	Koppenjan Johannes Franciscus Maria <1955->
Titolo	Managing uncertainties in networks : a network approach to problem solving and decision making / / Joop Koppenjan and Erik-Hans Klijn
Pubbl/distr/stampa	London ; ; New York : , : Routledge, , 2004 ©2004
ISBN	1-134-20268-7 0-415-36940-1 1-134-20269-5 1-280-07784-0 0-203-64345-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (304 p.)
Classificazione	88.62
Altri autori (Persone)	KlijnErik-Hans <1958->
Disciplina	301/.01/156
Soggetti	Uncertainty - Social aspects Complexity (Philosophy) Social networks Decision making
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (page [261]-277) and index.
Nota di contenuto	Uncertainties in dealing with complex problems in the network society -- Uncertainty about content : knowledge conflicts and asymmetrical debates -- Uncertainty and process : problem solving as a strategic game -- Uncertainty and institutions : patterns, rules and trust -- Uncertainties and governments : old and new responses -- Summing up : dealing with uncertainties in networks -- Mapping uncertainties in games and networks -- Managing content : furthering cross-frame reflection and the creation of negotiated knowledge -- Managing the game : selective couplings, rules of the game and process management -- Managing the network : strategies for institutional design -- Managing uncertainties in networks.
Sommario/riassunto	This is a new text that examines developments in the area of network strategy. Differentiating itself from other policy network approaches with a mainly research focus, this text has a managerial orientation.

"[This book] has a managerial orientation presenting strategies and management recommendations for public and private sector organisations as well as the analytical tools required by practitioners seeking to support their own internal decision making and strategy formulation."--Abstract
