Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Hydroxyacetophenones constitute the starting material for a wide variety of syntheses in organic chemistry. They are versatile building blocks serving many different applications, such as specialty polymers, pharmaceuticals and fine chemicals. In this Handbook the diverse ways of obtaining over 3000 hydroxyacetophenones are described and their physico-chemical properties and spectroscopic data references are indicated. The Handbook is presented in dictionary style, with a logical classification of the ketones, making the information easily available for consultation. Ketones are classified methodically. They are thus easily accessible from three tables: the molecular formula index the chemical abstracts registry the usual names index. This completely revised and enlarged edition includes: 10 additional chapters compared with the previous edition which had just 2 chapters an additional 1500 ketones updated information for ~1200 ketone entries the addition of di- and polyketones approximately 3500 references. This Handbook is the reference on hydroxyacetophenones. It is a powerful synthesis tool for the researcher or industrial producers. Nowhere else are so many compounds covered or the physical properties and relevant syntheses provided. It provides a wide choice of hydroxyketones required to

achieve syntheses based upon this range of intermediates.

Black Beret Cadre emerges -- The empire strikes back : the government's war against the Berets -- We don't need no water : the Cadre burns the Union Jack -- Robin Hood was Black in my hood : "Buck" Burrows and the assassinations (1972-1977) -- Conclusion: Babylon gave them a ride : Blackness in contemporary Bermuda.

Sommario/riassunto

This book examines the impact of Black Power on the British colony of Bermuda, where the 1972-73 assassinations of its British Police Commissioner and Governor reflected the Movement's denouncement of British imperialism and the island's racist and oligarchic society.
