Sommario/riassunto	The objective of "Studies in Law, Politics, and Society" is to provide a vehicle for the publication of scholarly articles within the broad parameters of interdisciplinary legal scholarship. Whereas other law related publications publish within a single domain - the humanities,

social science, or legal doctrine. Studies seeks to bridge those divides. We encourage submissions from a broad range of legal scholars and welcome articles exemplifying different theoretical perspectives and methodological approaches. We welcome submissions from an international group of scholars.
