

1. Record Nr.	UNINA9910961986803321
Titolo	Preventing transmission of pandemic influenza and other viral respiratory diseases [[electronic resource]] : personal protective equipment for healthcare workers . Update 2010 // Committee on Personal Protective Equipment for Healthcare Personnel to Prevent Transmission of Pandemic Influenza and Other Viral Respiratory Infections: Current Research Issues, Elaine L. Larson and Catharyn T. Liverman, editors
Pubbl/distr/stampa	Washington, DC, : National Academies Press, 2011
ISBN	9786613134998 9780309214292 0309214297 9781283134996 1283134993 9780309162555 0309162556
Edizione	[2010th ed.]
Descrizione fisica	1 online resource (199 p.)
Altri autori (Persone)	Larson Elaine Liverman Catharyn T
Disciplina	614.518
Soggetti	Influenza viruses - Prevention Epidemics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	""Front Matter""; ""Reviewers""; ""Contents""; ""Acronyms and Abbreviations""; ""Summary""; ""1 Introduction""; ""2 Understanding the Risk to Healthcare Personnel""; ""3 Designing and Engineering Effective PPE""; ""4 Using PPE: Individual and Organizational Issues""; ""5 Policy Research and Implementation: Healthcare Systems, Standards, and Certification""; ""Appendix A: Workshop Agenda""; ""Appendix B: Participants List""; ""Appendix C: Studies of the Clinical Effectiveness of Personal Protective Equipment During Outbreaks of Severe Acute Respiratory Syndrome and Respiratory Syncytial Virus"" ""Appendix D: Examples of Relevant Voluntary Consensus Standards""

Sommario/riassunto

In 2009, the H1N1 influenza pandemic brought to the forefront the many unknowns about the virulence, spread, and nature of the virus, as well as questions regarding personal protective equipment (PPE) for healthcare personnel. In this book, the Institute of Medicine assesses the progress of PPE research and identifies future directions for PPE for healthcare personnel.
