| 1. Record Nr. | UNINA9910962014303321 |
| Titolo | In her lifetime : female morbidity and mortality in Sub-Saharan Africa / / Committee to Study Female Morbidity and Mortality in Sub-Saharan Africa, Board on International Health, Institute of Medicine ; Christopher P. Howson ... [et al.], editors |
| Pubbl/distr/stampa | Washington, D.C., : National Academy Press, 1996 |
| ISBN | 9786610192335 9780309175883 0309175887 9781280192333 128019233X 9780309562225 0309562228 9780585028859 0585028850 |
| Edizione | [1st ed.] |
| Descrizione fisica | 1 online resource (xi, 308 pages) : illustrations, maps |
| Altri autori (Persone) | HowsonChristopher Paul |
| Disciplina | 614.5/992 |
| Soggetti | Women - Diseases - Africa, Sub-Saharan Women - Africa, Sub-Saharan - Mortality |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Note generali | Bibliographic Level Mode of Issuance: Monograph |
| Nota di bibliografia | Includes bibliographical references and index. |
| Nota di contenuto | In Her Lifetime -- Copyright -- Dedication -- Acknowledgments -- Contents -- 1 Summary -- PREAMBLE -- THE "LIFE SPAN" APPROACH -- THE STUDY PROCESS -- Background -- The Committee and Its Process -- Study Objectives -- Dilemmas and Strategies -- Definitions -- Sub- Saharan Africa -- Sex and Gender -- Report Organization -- CONCLUSIONS AND RESEARCH NEEDS -- Conclusions -- Gender- Related Burden -- Health Problems Across the Female Life Span: A Synthesis -- Research Needs -- Notes -- 2 The Context of Mortality and Morbidity -- THE IMPORTANCE OF CONTEXT -- THE ISSUE OF HETEROGENEITY -- THE SOCIOECONOMICS OF LIFE AND DEATH -- The Variables -- Gender Disparities -- Morbidity and Mortality -- Health |

Services Access and Utilization and Health-Seeking Behavior -- Access Bias -- Health-Seeking Behavior -- The Dynamics of Female Education -- Access Bias -- Access to Assets, Employment, and Income -- Widowhood and Its Sequelae -- POWER, CONTROL, EQUITY, AND STATUS -- Fostering -- Kinship and Residence -- HIV and AIDS -- SOCIAL DISRUPTION AND HEALTH STATUS -- War and Civil Strife -- Refugee Status -- Gender Violence -- Early Marriage -- Traditional Medicine -- Traditional Practices -- Food Prescriptions and Proscriptions -- Pregnancy, Labor, and Delivery -- Female Genital Mutilation -- CONCLUSIONS -- References -- 3 Nutritional Status -- WOMEN'S ROLES AND FEMALE NUTRITIONAL STATUS IN SUB-SAHARAN AFRICA -- Effects of Household Food Production and Acquisition Strategies on the Nutritional Status of Women and Children -- Effects of Commercial Agriculture -- Seasonality -- Dietary Intake and Energy Expenditure of Pregnant and Lactating Women -- EXTENT OF MALNUTRITION AMONG FEMALES IN SUB-SAHARAN AFRICA -- Micronutrient Disorders -- Protein-Energy Malnutrition -- Obesity -- Micronutrient Deficiencies.

FUNCTIONAL CONSEQUENCES OF FEMALE NUTRITIONAL STATUS: TAKING A LIFE SPAN PERSPECTIVE -- Mortality and Morbidity -- Mortality -- Morbidity -- Cognitive Development and School Performance -- Reproductive Function -- Physical Work Capacity -- CONCLUSIONS -- RESEARCH NEEDS -- Notes -- References -- 4 Obstetric Morbidity and Mortality -- GENDER BURDEN -- THE LIFE SPAN: AN APPROACH TO MATERNAL MORBIDITY AND MORTALITY -- Childhood -- Adolescence -- Menopause and Postmenopause -- THE MAGNITUDE OF PREGNANCY-RELATED MORTALITY AND MORBIDITY -- Quantification of Maternal Mortality -- Vital Statistics -- Health Services Statistics -- Population-Based Data -- Alternative Approaches -- The Burden of Maternal Mortality and Morbidity -- Percent of Pregnancy-Related Deaths and Lifetime Risk of Dying -- Estimates of Maternal Morbidity -- Trends -- THE NATURE OF MATERNAL MORTALITY AS A PUBLIC HEALTH PROBLEM -- Prediction, Prevention, and Cure -- Prediction: Risk Factors and the Utility of Risk Scores -- Maternal Characteristics -- Community Characteristics -- Calculations of Risk -- Prevention -- Cure -- THE MULTIPLE CAUSALITY OF MATERNAL DEATH -- Clinical Causes -- Anemia -- Complications of Pregnancy and Delivery -- Sociocultural Factors: Traditional Medical Practices -- The Traditional Birth Attendant -- Gishiri Cuts -- Female Genital Mutilation (FGM) -- Health Services -- Access to Antenatal and Intrapartum Care -- MATERNAL HEALTH AND FAMILY PLANNING -- Provision of Family Planning Services -- Abortion -- Lactation -- MENOPAUSE -- CONCLUSIONS -- RESEARCH NEEDS -- References -- 5 Nervous System Disorders -- LIFE SPAN PERSPECTIVE -- TOXIC AND NUTRITIONAL DISORDERS OF THE NERVOUS SYSTEM -- HEADACHE SYNDROMES -- Migraine -- Tension Headache -- CEREBROVASCULAR DISEASES AND USE OF ORAL CONTRACEPTIVES -- OTHER NEUROLOGICAL DISORDERS -- Epilepsies -- Demyelinating Diseases.

Neurologic Complications of Collagen Diseases -- Dementia -- CONCLUSIONS -- RESEARCH NEEDS -- References -- 6 Mental Health Problems -- MENTAL HEALTH AND MENTAL ILLNESS IN AFRICA: GENERAL ISSUES -- GENDER DIFFERENCES IN THE RATE, COURSE, AND OUTCOMES OF MENTAL DISORDERS: GLOBAL ISSUES -- THE EPIDEMIOLOGIC EVIDENCE IN AFRICA -- GENDER DIFFERENCES IN AFRICA FOR ALL PSYCHOLOGICAL DISORDERS -- AFFECTIVE AND NEUROTIC DISORDERS -- SCHIZOPHRENIA -- Incidence -- Prevalence -- Course and Outcome -- PSYCHOLOGICAL DISORDERS IN GENERAL MEDICAL SETTINGS -- PSYCHOLOGICAL DISORDERS IN PREGNANCY

AND THE PUERPERIUM -- CONCLUSIONS -- RESEARCH NEEDS -- Note

Understanding Mortality and Morbidity Across the Life Span.

Sommario/riassunto

This report takes a life span approach to female health in Sub-Saharan Africa, highlighting biomedical aspects, the study of which has been relatively neglected compared to socioeconomic and cultural considerations. The life span framework recognizes the need to articulate major causes and manifesta
