| Sommario/riassunto | Elected in 2008, Barack Obama made history as the first African American president of the United States. Though recognized as the son of a white Kansas-born mother and a black Kenyan father, the media and public have nonetheless pigeonholed him as black, and he too self-identifies as such. Obama's experience as an American with black and white ancestry, though compelling because of his celebrity, is not unique and raises several questions about the growing number of black-white biracial Americans today: How are they perceived by others with regard to race? How do they tend to |
