Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Unique needs of children in disasters -- Child infrastructure -- Mitigation -- Preparedness -- Response -- Recovery -- Emergency management resources focused on children's needs.
Sommario/riassunto	Each year, disasters such as house fires, car accidents, tsunamis, earthquakes, and hurricanes impact hundreds of thousands of children. Child victims can suffer disproportionately and the physical and psychological damage sustained can far outweigh the same effects in adults, often requiring years of therapy. Sadly, emergency planners to date have largely failed to adequately recognize and accommodate the particular requirements of children in times of disaster. Identify NeedsHighlighting the infrastructure that supports children in a safe and secure
