Sommario/riassunto	"Arguably the best work to date in the history of geology." -David R. Oldroyd, <i>Science</i> "After a superficial first glance, most readers of good will and broad knowledge might dismiss [this book] as being too much about too little. They would be making one of the biggest mistakes in their intellectual lives. . . . [It] could become one of our century's key documents in understanding science and its history." -Stephen Jay Gould, <i>New York Review of Books</i> "Surely one of the most important studies in the history of science of recent years, and arguably the best work to date in the history of geology." -David R. Oldroyd, <i>Science</i>
